

WVU NURSERY SCHOOL

October 20–November 3, 2023

Newsletter

3 year old Update

The morning class has been on the move with our transportation study! We had a blast reading *Don't Let the Pigeon Drive the Bus* by Mo Willems and building with roads. We are also continuing to learn about Piet Mondrian and how he used lines to create abstract art.

4 year old Update

In the afternoon class, we have wrapped up all things fall. Recently, the children have been interested in designing houses, hotels, and sewer systems (Teenage Mutant Ninja Turtles). To encourage this interest, we are going to begin talking about architecture. Please look for a family engagement activity coming home at the end of the week.

Important Dates

- November 20–24: No School
- December 8: Last Day for 3 Year Old Class
- December 15: Last Day for 4 Year Old Class
- January 8: First Day of Spring Semester

Meet the School of Sports Sciences Preschool Physical Education Program Students

The Preschool Physical Education Program class visits the WVU Nursery School on Tuesday afternoons and Thursday mornings. They aim to develop children's fundamental motor skills. In addition, they teach socio-emotional learning such as how to follow directions and share equipment. The children love having them visit! They also assisted in the Let's Move! Physical Literacy Night on November 2nd.

The instructor is one of our own – Emika's mom!

Thank you, Dr. Emi Tsuda, for bringing your amazing students to visit.
