

WVU Nursery School Newsletter

September 25-October 6, 2023

3 YEAR OLD CLASS UPDATE

The students have loved reading the silly story *There Was an Old Dragon Who Swallowed a Knight* by Penny Parker Klostermann. They reenacted the story using puppets and used the blocks to build a giant castle outside. We have begun transitioning into our pumpkin study and the students have loved washing the pumpkins in the sensory table. Please feel free to send Erin pictures of your child getting their pumpkin this year so we can display them in the classroom.

We are starting to see colds going around. If one child gets sick in a preschool classroom, it tends to spread. In the classroom, we are reminded about washing hands, temporarily removing toys to clean if they have been in their mouth, and regularly cleaning toys. If your child gets sick, send us a message via email or Remind to let us know they will not be in class. In addition, if they are running a fever, they need to be 24 hours fever free before returning to school. Thank you for being helpful in keeping germs away.

Thank you for choosing the WVU Nursery School. We look forward to the journey over the year as we watch your child grow. If you have any questions or concerns, please contact us at 304-293-2110 or via Remind.

As we move through the year, we are in need of a few items. If you are able, we are in need of:

- Clorox wipes
- Printer paper

4 YEAR OLD CLASS UPDATE

The four-year-olds have been exploring, building, and drawing 2D-3D shapes. Throughout the rest of the month, we will be investigating all things fall-related. We will continue to practice writing first names and discover so much through science experiments. Thank you so much for your pumpkin donations! Colorful fall leaf donations are always welcome!

Cooler temperatures are coming.

-Please send a warmer extra change of clothes.

-Please ensure your child has on appropriate clothes for outdoor recess. We go outside everyday (except in the rain).
