

# WVU Nursery School

## News

August 25, 2023

What an amazing first week of school! We were very busy reacquainting with old friends, meeting new friends, exploring the Nursery School, and learning! By the end of the week, and maybe the end of the day, we were exhausted.

The first week can bring lots of emotions, from excitement and wonder to apprehension. All are normal and to be expected. As we settle into the routine, some will dissolve, but we hope that excitement for learning will always remain. Please let us know if your child is experiencing any reactions so we can assist at school.

## Upcoming Events

- Friday, September 1: Wear your Nursery School shirt

## Exciting News

- We are happy to announce that we have the new 4-year-old teacher joining us in a few weeks. We will share more information soon.

## We need your help

Please help us with the following.

- Keep all toys, blankets, and snacks at home. The Nursery School is fully equipped with materials and food.
- Sign in and out of the Nursery School. This provides us with a record of attendance and ensures your child's safety in drop off and pick up.
- Send an easily sealable water bottle with your child's name on it. The children always have access to water and the water fountain.
- Bring an extra set of clothes. This is important for an accident or even water play.

We appreciate all your support this week. Thank you for all you do!
